

## Summary of Technical Changes

Section	Synopsis	References
690.12(C)	Revised text for clarification and harmonization with Article 230 outdoor location and deleted redundant Informational Note.	FR-9246, SR-8332
690.12(D)	Deleted former section and replaced with revised former section 690.56(C).	FR-9243, FR-9247
690.13(A)	Revised text into subsections for clarity and deleted Informational Note.	FR-9443
690.15(A)	Relocated from 690.15(D) and revised into list format for clarity.	FR-9273, SR-8333
690.15(C)	Revised text into list format for clarity.	FR-9272
690.15(D)	Relocated from former 690.15(A) and revised to align with other parts of the code for clarity.	FR-9268
690.31(A)	Revised and reorganized into subsection for improved usability.	FR-9279
690.31(B)	Revised and reorganized for clarity and added 690.31(B)(1).	FR-9280
690.31(C)(1)	Revised text and deleted former subsection (d).	FR-9282, SR-8336
690.31(C)(2)	Revised text into list format and to address cable tray use.	FR-9283
690.31(D)(1)	Deleted former (D)(1) subsection, renumbered the remaining sections, and revised the exception to incorporate acronyms and remove undefined phrase.	FR-9285, SR-8343
690.31(G)	Added section for over 1000 volts dc.	FR-9286, SR-8338
690.41	Revised to focus on dc grounding and added 690.41(B) for dc ground-fault detector-interrupter (GFDI) protection means.	FR-9288, FR-9287, SR-8344
690.42	Revised and reorganized into subsections and added section on ground-fault detector-interrupter (GFDI) protection.	FR-9289, SR-8349
690.43(A)	Revised Informational Note text and deleted last sentence of parent text for redundancy.	FR-9290
690.43(C)	Revised to clarify that EGCs may be run separately within the array.	FR-9292
690.47	Revised text and reorganized order of statements for clarity.	FR-9500
690.47(B)	Revised to revert to 2020 edition text at the request of the correlating committee; to be further evaluated for 2026 cycle.	SR-8635
690, Part VI	Revised title to "Source Connections."	FR-9487
690.51	Relocated to 690.4.	FR-9586
690.54	Relocated to 705.14.	FR-9588
690.55	Deleted section due to redundancy.	FR-9589
690.56	Revised to better align with reorganization of Part VI.	FR-9613
690, Part VII	Deleted due to other revisions within Article 690.	FR-9490
690.59	Revised to remove incorrect reference.	FR-9494
690, Part VIII	Deleted due to other revisions within the article.	FR-9592
690.71	Deleted section due to redundancy.	FR-9296
691.1	Revised scope to relocate stations with generating capacity not less than 5000 kW to 691.4 and revised Informational Note Figure 691.1 for clarity.	FR-9301, FR-9299
691.4	Revised to ensure 110.31 applies to entire PV system, revised list item (1) to use defined term <i>qualified person</i> , added list items (6) and (7), and added Informational Note.	FR-9305, FR-9303, FR-9302, SCR-71
691.9	Revised to refer to any type of disconnection equipment for clarification.	FR-9306
691.10	Revised title to "Fire Mitigation" and added Informational Note.	FR-9308
692.4(B)	Revised to refer to single section for correlation with changes in other articles.	FR-9480
692.4(C)	Revised for correlation with 690.4(C).	FR-9515
692.31	Revised to include recognition of other acceptable wiring methods.	FR-9484
